All staff are routinely assessed and kept up to date on all relevant training with regards to scaffolding and other pertinent areas of interest such as First Aid, Asbestos Awareness, and Mobile Elevated Working Platforms etc. We regularly conduct *Tool Box Talk* Sessions to ensure all our staff are kept fully up to date and aware of any safety changes.

Our History & Mission

Beam Me Up Scaffolding Limited was formed in 2012 by Christopher Davies. Chris has worked in the scaffolding industry for over 18 years. Beam Me Up Scaffolding, prides itself on its high quality and standard of work and as such we have gained an excellent reputation for our courteous and quality workmanship and reliability.

Beam Me Up Scaffolding has grown over the years into a major provider of scaffolding work in the South of England. This for Beam Me Up Scaffolding is faster quotations, TG20:13 compliance reports, plan drawing and 3D imaging all from our in-house CAD Smart Scaffolding System.

We are happy to quote for projects of all sizes: Commercial or Domestic in the South of England.
